General Information

Short summary

The Romanian company active in the production of handmade ice cream is interested in finding trading partners - suppliers and producers of raw material and equipment abroad for cooperation in the framework of supplier and manufacturing agreement.

Full description

The Romanian company is a start-up company, founded in 2019. The main activity is the production of artisan ice cream according to authentic Italian recipes, using natural ingredients of good quality. In the production cycle, besides milk, 35% fat and fresh or frozen fruits, it is used natural pistachio paste / pesto, peanut pesto or vanilla extract. The company has a small laboratory, the production capacity is based on the available equipment, is about 40-50 kilos / day. The equipment is part of a multi functional ice cream machine, 2 in 1 - with pasteurizer and cooling tank, a pozzetti type freezer / display case, a professional freezer and a professional fridge for ingredients.

The company is interested in collaborating with suppliers who can provide raw materials, especially organic raw materials, PGI (protected geographical indication) or Controlled designation of origin. Also, the company is interested in finding expansion equipment and development, of packaging and consumables needed to serve ice cream. In addition, the client is seeking partners for manufacturing agreement, regarding the raw material and also the consumables for the ice cream.

Advantages and innovations

It uses 100% natural raw material to make the ice cream and the desserts.

Technical specification or expertise sought

Producers of raw material for manufacturing the ice cream.

Producers of equipment for producing the ice cream.

Partners should have experience in the manufacture of frozen foods and ideally ice cream and desserts.
